## Attributes setting S K Somaiya Graduates apart

The bedrock of S K Somaiya College's academic philosophy is that every student who successfully completes their programme would have thoroughly imbibed the lifelong professional attributes that our programmes are designed to instill in them, before they go forth into the world to chart their own course.

### Academic Excellence

Sound theoretical and practical knowledge of the subjects studied

### Professional Efficiency

Ability to use the knowledge to efficiently meet the demands and challenges in one's career

### Engagement in Society

Through their subject knowledge and co-curricular activities, serve the society, especially those at the bottom of the pyramid

### Environmental Sensitivity

Environmental care has taken prime position because of the threats currently faced by the planet. Our students get sensitised through various academic and extra-curricular activities

### Critical Thinking

Our graduates will have developed evaluative thinking skills which would benefit the individual learner, the community, and the entire world

### Creativity and Originality

The regular practice of applying critical thinking and analysing of the subjects, makes the students original thinkers who can establish their own views, ideas, principles, and theories on any subject

### Strong presentation and Communication Skills

Our students are taught how to actively listen to and prepare, create and deliver clear & effective presentations, reports, briefings, etc. All of these are critical for work place success

### Leadership and Team Spirit

Team building is taught both as an art and a science to our students, they learn to collaborate and work together on various assignments given to them. Working on group assignments helps them to tap into their innate leadership qualities and nurture them too
